THE RATIONALE BEHIND THE EDUCATION PROGRAM

Topically of EP: As a result of comprehensive support of the state in the Republic of Kazakhstan in reforming the education system, progressive development and modernization of education is possible for the development of human capital. The overall goal of educational reforms in Kazakhstan is to adapt the education system to the new socio-economic environment. In this case, it is necessary to improve the relationship between higher education and the labor market in the preparation of qualified personnel. This is possible with the participation of research staff of institutes, their cooperation taking into account the mutual interests of the parties, training specialists at the request of educational organizations, consulting young specialists in universities, participation of research staff of institutes in the educational process, promoting employment of University graduates, organizing production practices, using the material and technical base for bachelor's education, training teachers in research centers, etc.

DISTINCTIVE FEATURES OF THE EDUCATIONAL PROGRAM

Academic mobility	1) Korkyt ata Kyzylorda university (Kyzylorda) 2) West Kazakhstan University named after Makhambet Utemisov (Oral)
