## 1.5. GRADUATE CAREER OPPORTUNITIES

Teachers of the Kazakh language and literature are the main pedagogical personnel who carry out their work in the national language, which is the basis of the state. According to the data of the national collection of statistical data "Statistics of the education system of the Republic of Kazakhstan" (2022, JSC "Information Analytical Center"), in Kazakhstan in the 2021-2022 academic year, the number of teachers of the Kazakh language and literature teaching in full-time public secondary schools amounted to 32,047 people, among them over 50 years - 5317 teachers. Consequently, on the basis of republican statistics, 1,264 schools of the republic are potential employers for graduates of the OP.

If we take into account that the demand for pedagogical specialties is high among girls, then the fact that the Kazakh National Women's Pedagogical University is an attractive educational institution from a regional position and at the republican level does not require any proof.
